

## **Crescent Health Solutions Provider Directory for APPALACHIAN BENEFIT ASSOCIATES**

### **3/3/2015**

Please note that listing in this document does not guarantee provider participation with any payer or employer group. To verify participation, please call Crescent at 800-707-7726  
Welcome to Crescent Health Solutions.

#### Utilizing the Crescent Network

- Please take a few moments to become familiar with participating hospitals, urgent care centers, physicians, and other providers in your area.
- Before scheduling an appointment, always verify that the provider is currently participating with your employer's health plan. Just asking the provider if they are part of the Crescent network may not be enough.
- When scheduling an appointment, always identify your employer and that you are a member of the Crescent network.
- Carry your insurance ID card with you at all times. It shows Crescent as your network. Present the card whenever you receive health care services. The card contains important information including phone numbers necessary for verification of insurance benefits for precertification and utilization review as well as an address where claims should be mailed.

#### Choosing a Physician, Hospital or other Provider

Refer to your Employee Benefits Document for the explanation of coverage specific to your plan. You may be responsible for an office visit co-pay at the time of service. You will be billed by the provider for non-covered services, deductibles, or co-insurance amounts. For services outside Western North Carolina, please call Crescent.

#### Services

Important - some services that you receive may be excluded under your benefit plan. Payment for non-covered services is the patient's responsibility. Please contact your benefits administrator or refer to your employee benefits document for information regarding non-covered services. Crescent is unable to make benefit determinations.

#### Hospital-Based Physicians

Receiving services from a Crescent participating hospital does not guarantee participation by hospital-based physicians (Emergency room physicians, anesthesiologists, radiologists and pathologists). They may practice at a network hospital but not be under contract for your employer's health plan.

#### Important Information Regarding Your Health Plan and Network

This Preferred Provider Organization (PPO) network directory identifies health care providers who have agreed to offer discounted rates, file claims and to only bill members for their plan co-pays, deductibles or coinsurance. Because of the discounted rates, your employer is able to pay for eligible charges for treatment received from a PPO provider at a higher benefit percentage than charges for treatment received from a non-PPO provider. To verify benefit coverage and percentages, please contact your Plan Administrator.

There are several companies working together to provide services to your company. They are listed below:

Medical Claims Administrator: Crescent TPA Services handles payment of medical claims. Precertification must be obtained prior to any inpatient admission. Failure to preauthorize medical admissions will result in a reduced benefit. Crescent TPA Services 1200 Ridgefield Blvd, Suite 215 Asheville, NC 28806 (828) 670-9145

## ABBREVIATIONS USED IN THIS DIRECTORY

Specialty	SpecialtyDescription
